Description

We are looking for a full-time developer (all genders welcome) in the area of automation technology for our location in Lauf an der Pegnitz, starting as soon as possible. Have you successfully finished your degree in electrical engineering, mechatronics or IT? Do you enjoy complex tasks and new challenges daily? Then apply now!

Qualifications

- Completed degree or comparable training in electronic engineering / mechatronics / IT
- Well-founded programming knowledge (Beckhoff TwinCat 3, Codesys, Nexeed) and experience in automation
- Preparedness to travel and think innovatively
- Good knowledge of English and ability to communicate

Job Benefits

- Exciting and varied projects in the automation field
- Some small-scale company development projects
- Flexible working times and opportunities to work from home
- A lively and welcoming team of experts
